Game Description:

With over 11 years of history, DanceDanceRevolution® comes to the PS3 for the first time integrating PlayStation Move! In addition, DanceDanceRevolution Wii comes back bigger and better bringing fitness, free movement and fun to a whole new level for all DanceDanceRevolution fans.

Key Features:

DanceDanceRevolution PS3

- Record yourself and upload to YouTube and Facebook through to share with friends and other DanceDanceRevolution fans
- Dance Off Mode allows players to take turns to play, while they see themselves dancing on screen through the PlayStation® EYE . The player who is able to step and dance more accurately will gain more points and will be the winner
- Club Mode allows players to play 4 to 20 songs consecutively. The difficulty level varies depending on how well the player is dancing in addition to several different gimmicks. If the player changes the options to non-stop, they can keep dancing until their gauge is empty
- Includes hard hitting music tracks, including "Bad Romance" by Lady Gaga, "Battlefield" by Jordin Sparks and "So Fine" by Sean Paul

DanceDanceRevolution Wii

- The new Choreograph Style mode allows you to dance with the model dancer on screen utilizing your whole body using the mat controller, Wii Remote and Nunchuk
- Traditional style Wii gameplay including the DanceDanceRevolution mat Controller, Wii Remote and Nunchuk, and also bringing back the use of the Wii Balance board
- New multi-player mode, with or without a the mat controller so everybody can join in the fun
- Dance utilizing just your upper body with the Wii Remote and Nunchuk
- Includes a variety of well know tracks including “Need You Now” by Lady Antebellum, “crushcrushcrush” by Paramore and “I’m Yours” by Jason Mraz
